

7.2.1

Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

I Mentorship for students' development

1. Title of the Practice: Mentorship for students development

2. Objectives of the Practice:

- To understand the difficulties of the mentee
- To make students comfortable and overcome all the hurdles he or she is facing in day-to-day life
- To motivate students to take part in regular co-curriculum, extra –curriculum and cultural activities
- To build their Personality and inculcate leadership qualities by inspiring them to take part in various activities run by the college
- To motivate them for studies, and help out them in their weaker subjects
- To relieve their stress by helping them out with their various difficulties

3. The Context

The main reason to have a mentor-mentee is to bridge between students and teachers. Actually, students are quite new to this professional environment and come from different social and economic backgrounds and face stress like mental, physical, academic, social, and personal. A mentor-mentee interaction reduces the percentage of dropouts and suicide rates and increases the overall development of students and imbibes personal confidence to face the challenges of life.

4. The Practice

- Each faculty member is assigned students for the complete duration of their study.
- Student-teacher meeting is conducted at least twice each semester.
- Mentors motivate the students to participate in extra-curriculum, co-curriculum, cultural, sports, etc.
- Record of student's academic performance and other activities is noted by the mentors.

Abhinav Education Society's
College of Pharmacy (B. Pharm), Narhe, Pune-41.

- Also meeting with the parents is carried out. In case mentors do connect with the parents for any kind of issues faced by the mentee like test performance, examination, etc.
- Students can discuss any problem faced by them with their mentors.
- Counseling is done by the mentors on any problems like institute-related, faculty-related, facilities related, emotional, personal, etc.
- Academic-related problems are resolved by discussing them with the respective subject teacher.
- Mentors take special care with slow learners to help them work out their problems, and make them understand the concept, at times can take the help of respective faculty and ask the student to work out on it.
- Students' problems are also discussed with the department heads and necessary actions are taken to solve those problems.

5. Evidence of success

It is observed that after implementing this Mentor-Mentee system there is overall development in students. It is observed that the students fare well in the examination, improvement in weaker students, and increase in confidence level. An increase in attendance and in participation in co-curriculum, extra co-curriculum, cultural activities, etc is also seen. Students have become disciplined; the relationship between teacher and students has been strengthened. An increase in the overall personal, academic, and holistic development of students is observed.

6. Problems encountered and resources required

There were two constraints that we faced during implementing this system.

Some of the students didn't come up with their problems so easily, we had to constantly address them and ask them about their problems, only then they opened up with their problems.

Approach to parents is not possible easily many times. This leads to delays in conveying the message to parents in a few cases.

Mentor & Mentee System

The Student mentoring system is introduced in the College. All the Teachers are involved in the process of mentoring. Every mentor is allotted with about 20-25 students to take care of them depending upon the Staff Student Ratio.

Every mentor have a list of all the students allotted to him / her with details of Name, Class, Division, Roll Number, Contact Number and E Mail Id provided by Mentor Mentee system incharges.

The mentor has a chalked-out responsibilities to take care of all the mentees such as to provide them career counseling, to provide them personal counseling, to support them for any kind of difficulty in their curriculum, to make provision of remedial coaching for them and to always support them as and when required.

The mentor also works for finding out hidden talent of the students in various aspects of academic, co – curricular, extra – curricular and extra mural activities so that they can be promoted to do various activities in the concerned area for their holistic development. The mentor also contacts and meets the parents of his / her mentees to discuss their progress and / or any other matter, as and when required.

NARHE, PUNE - 411 041.

MENTOR MENTEE SYSTEM

The prime objective

To ensure students' overall development and growth on the academic and professional matters by fully exploiting the potential of every individual

Mentor-Mentee Process Details

- Faculty members are assigned a group of 15 to 25 mentee students whom they serve as mentors
- The mentee preferably, as far as possible, be assigned to the same mentor throughout the Course.
- The mentor shall be provided the academic performance data and details of slow and advanced learners by the respective department/incharge.
- Proper confidentiality shall be maintained by the department and respective mentors to uphold the respect of individuals involved.
- The mentors shall be consulted/informed in case of disciplinary issues on code of conduct with a student.

Role of a Mentor

- To take the lead in supporting a mentee through an ongoing, one-to-one relationship.
- To build a relationship of trust by caring and planning for welfare of the mentee.
- To serve as a positive role model.
- To strive for mutual respect.

Desirable Qualities of a Mentor

- Willing listener
- Encouraging and supportive
- Patient and flexible
- Tolerant and respectful

Responsibilities of a Mentor

- Meet the mentee student twice a month.
- Track the academic performance of the mentee and counsel, guide and motivate in all academic and professional matters.
- Advise the mentee regarding choice of electives, add on courses, external certifications, project, summer training/internships and other co curricular matters.
- Advise for career options and its planning and development.
- Maintain a progressive record(Booklets) of the mentee.
- Intimate HOD and suggest if any coordinated action is called for.
- Contact parents/guardians if situation demands e.g. irregularities, negative behavioral changes and interpersonal relations, detrimental activities etc.
- Maintain contact with the students even after their graduation.

PRINCIPAL

ABHINAV EDUCATION SOCIETY'S
COLLEGE OF PHARMACY (B. PHARM)
NARHE, PUNE - 411 041.

Responsibilities of a Mentee

- Respect the mentor
- Regularly attend the meetings with the mentor and seek advice.
- Provide the details of his/her performance, curricular and extracurricular activities to the mentor.

Responsibilities of the incharge of the Mentor Mentee system

- Allocate mentors to all the students.
- Schedule meetings with all mentors twice semester.
- Review the mentor – mentee system on regular intervals.
- Support and advise the mentors for effective discharge of their duties.
- Keep the head of the institute informed.

ELEMENTS OF MENTORING POLICY

Under mentoring programme certain important aspects have to be dealt with. They are:

i) Identification of weak students.

- This can be done on the basis of- 'F' grade with low SGPA (Semester Grade Point Average). Students with drop in any year or cases of readmission.

ii) Identification of mechanism to aid weak students.

- The above programme should be initiated by;
- Appointment of mentor teacher for a group of 5 to 10 students.
- Tracking students' performance and attendance by conducting tests on a regular basis.
- Formation of Peer learning group of 20-25 students each both of academically strong and weak, who learn together

iii) Realization of desired outcome post mentoring.

It should be checked by:

- Comparing the performance of Semester End Exam with previous exam results.
- Grade and SGPA performance should be checked to quantify the outcome of Mentoring Programme.
- Checking the performance of students in ATKIT exams so that the success of mentoring programme can be identified on passing of exam by the student.

Co- Curricular Activities

(NPW, Conferences, Seminars, Presentations, Workshops, Project, Any other)

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.

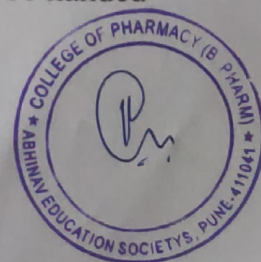

Extra Curricular Activities

(Sports, cultural, NSS, yoga, any other)

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. In the bottom right corner, there is a circular purple ink stamp. The outer ring of the stamp contains the text "ANINHUA * COLLEGE OF PHARMACY" in capital letters. Inside this ring, there is a stylized emblem or logo, which appears to be a combination of a circle and some internal geometric shapes. The paper has a slightly textured appearance and some minor creases or shadows, suggesting it might be part of a bound notebook or folder.

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or other markings on the paper.
