Report:

We have to celebrate a Fun fair day on AESCOP Auditorium at 23 March 2023. The fun fair is an event which combines a lot of small independent fun events. These are annual functions that most of the colleges arrange usually at the end of the final semester. It includes sections like movies, variety of shows, exhibitions, food stalls and many more similar fun activities. This event helps them to build confidence and they learn good interpersonal and social skills. All Pharmacy students have arranged different food stalls and served to the teacher. Principals, All teaching and non-teaching staff are present in this event.
