**Report:**

We have to celebrate a Retro Day on AESCOP Auditorium at 23 March 2023. A retro day is a golden and vintage era that many have been lucky to have lived through. It is a day to celebrate the old times, much before smartphone and the internet, while still remaining in the present. National retro day was invented by Robert Puran, Tina Duran and Hermelinda Aguilar. All students are wearing a classic dress and enjoying the music of the past. A decoration is done by a 4<sup>th</sup> year student of Pharmacy. Principals, All teaching and non-teaching staff are present in this event
