Coordinator/Program Commitee	Mrs.Madhuri Nalawade,Mrs.Dipali Kulkarni

Abhinav Education Society's
College of Pharmacy (B. Pharm), Narhe, Pune-41.

Report:

It was 5th December 2022; The Abhinav Education Society's College of Pharmacy organized a program to plant 100 young medicinal plants. The objective of this event was to teach students, how we can save our climate from pollution. This was a great initiative to make our atmosphere neat and clean. By tree plantation, we can develop a climax ecosystem free of greenhouse gases to reduce global warming. We were very fortunate as Mrs. Rupalita Chakankar, Maharashtra Rajya Mahila Ayog Adhyaksha. She started the event by planting the first plant in the corner of the medicinal garden with her hand. Plants were provided by the CEO of Narhe Campus Mr. Dhruv Jagtap. About 100 medicinal plants were planted by the students of our campus and then watered by gardeners of the campus. Teachers also participated in the tree plantation program. The main purpose of this event was to enhance awareness about the importance of tree plantations. In the end, the principal addressed and thanked the chief guest as well as teachers and students for participating in that fruitful activity giving their precious time. Overall, this was an excellent and glorious event for all.
